

CESAB

Next level...

Mechanise your material handling with the all new Li-ion powered CESAB P013i.

The CESAB P013i combines the comfort of a powered pallet truck with the flexibility and manoeuvrability of a hand pallet truck. This new entry model CESAB P013i is the answer to light electric pallet truck applications. Powered by li-ion technology, it can handle loads up to 1300 kg.

Boost your productivity with the new CESAB P013i.
